

Part # FE119
GSXR600/750 11-13

Fender Eliminator Kit Contents

Description	Quantity
Fender Brackets	1
6x16 Bolt	4
6x12 Bolt	2
6X15mm Washer	6
6X12mm Washer	2
6MM Lock Nuts	2

- Remove the front and passenger seat.
- Remove the rear tail section body work bolts and rivets (make sure all rivets and bolts are removed).
- Remove the four fender bolts from underneath the tail section.
- Locate the plate light from inside the tail section. Remove the stock fender and tail section body work. Unplug the plate light connection. Fender should come right off.
- Mount Fender Eliminator Kit using the (4) 6x16mm button head bolts and (4) 6x15 (larger) 6mm washers.
- Connect License Plate light (not included) wire and check for proper function.
- Reinstall body work.
- Remaining hardware to be used for mounting license plate.

Use blue thread lock to secure bolts. Refer to owner's manual for proper torques.
